FORD'S SECRETARY HEARS COMMITTEE

Attentive Consideration Given Proposal to Have Detroit Capitalist Take Over M. & N. A.

Joplin, Sept. 8.—Attentive consideration of the proposal to have Henry Ford, Detroit capitalist, assume control of the defunct Missouri & North Arkansas railroad, was accorded the committee representing points along the line, by E. G. Liebold, Ford's personal secretary, according to a message received by The Globe last night from Joseph R. Pile, president of the Joplin Chamber of Commerce and the city's representative on the committee.

The committee, which left for Detroit Monday night, was unable to present its proposal directly to Ford, who was out of the city, but met with Mr. Liebold for two and one-half hours yesterday morning, discussing the data concerning the road, which had been compiled at various points along the line.

This data in writing was left with Mr. Liebold, who assured the committee that attentive consideration would be given the matter, Pile's telegram said. C. M. Ritchey of the Ritchey Motor Car Company, who was in Detroit at the time, joined the delegation and was present at the interview.

Pile's telegram follows: "Delegation including C. M. Ritchey had two and one-half hours interview, also luncheon, with Mr. Liebold, secretary to Henry Ford today. Attentive consideration given presentation of M. & N. A. railroad situation. Data left with Mr. Liebold to have immediate attention."

"JOSEPH R. PILE."

RIALTO THEATRE ANNOUNCEMENT

You will miss one of the greatest Northern stories ever screened if you fail to see "Valley of Doubt" which we have the pleasure of exhibiting for your approval. We personally recommend this picture.

This attraction was shown at the RIALTO some time ago and the advertising was accordingly posted. The film however missed connections at Kansas City.

To be shown today only.

No increase in price.

CENTRAL UNION

Miss Twyla Greer visited friends at Stotts City Sunday.

Mrs. Minnie Mize visited with Mrs. Elmer Simmons, several days last week.

Miss Jodie Rowley of Monett spent Tuesday with Mrs. Ray Simmons.

Tested rye seed, turnip seed and winter onion sets. Whitlock-Lines.

MANY ATTEND LIMESTONE CRUSHING DEMONSTRATION

Between 2000 and 3000 people attended the limestone crushing demonstration on the John Sehnert farm near Mt. Vernon last Saturday. At one time in the afternoon over 600 cars and buggies were on the grounds. Every part of Lawrence County was represented, as was surrounding counties, and counties in the edge of Kansas.

Pulverizing machines were in operation throughout the day and attracted much attention. A third machine arrived on the grounds too late to take part in the demonstration. The pulverizing machines and the Horse-shoe Tournament were so popular that they had to be stopped before the crowd would attend to the speaking. Final honors in the Horse-shoe Tournament went to the Onward district.

P. F. Schoengerdt, of the Agricultural Experiment Service, gave the principal talk of the day on "Limestone and its Use on Soils." According to Mr. Schoengerdt, experiments conducted by the State University on soils similar to our soils here, show that liberal applications of limestone will yield a net profit of 200 per cent on the investment every rotation. Besides the profit the land is in better shape at the end of the time than it was in the beginning in regards to the acid in the soil. It is Mr. Schoengerdt's opinion that it is only a question of time until it will be necessary to use lime to get a stand of clover, and without the growing of clover and other legumes, soils will in time have to be abandoned.

Miss Julia M. Rocheford, also of the State University, gave a very interesting talk to the women on the Farm Woman's Problems. Other speakers of the day were, G. O. Reed, of the Missouri Farmers Association, J. H. H. Mote, County Agent of Jasper County, and A. Fenimore, President of the Jasper County Farm Bureau.

This demonstration and picnic was arranged for by L. L. Hunt, County Agent, with the help of the Lawrence County Farmers Association and the Lawrence County Farm Bureau.

PLEASANT VALLEY

The farmers are now plowing for wheat.

Mrs. Riley Thomas made a business trip to Monett Saturday.

Webster Thomas and family spent Sunday with Mr. and Mrs. Floyd Scribner.

Miss Flossie Cowherd and Roy Counts were quietly married at the home of the bride's parents at Purdy Sunday. Their many friends wish them a long and happy married life.

Misses Ellinor and Erle Fly attended the funeral of Uncle M. G. Combs Sunday evening.

Oscar Wireman, Burl Eden, Misses Charlotte and Opal Henderson, Mattie and Nora Haynes were Sunday evening guests of Miss Iva Thomas.

JACQUES, 418 Broadway

THREE HUNDRED ATTEND GET-TOGETHER MEETING

About three hundred members of the M. E. church spent a most delightful evening at the church Wednesday evening. The members brought well filled baskets of good things to eat and a most bounteous supper was spread. They never saw so many good things to eat spread before such a hungry crowd.

Mrs. McCaslin with her loyal Aid, which is unsurpassed by any Ladies Aid in the St. Louis Conference, took care of the large crowd in a most wonderful and satisfactory way. If there is anything that these ladies do not know about serving crowds, it has not yet been found out.

The program consisted of a vocal Trio by the Pastor, wife and son Laurence. A vocal solo by Master Laurence. A vocal duet by Rev. and Mrs. Shadrack and these musical numbers were interspersed by readings by little Miss Norma Spain and Mrs. Todman. The closing number was an address by Mr. F. P. Sizer, on his trip to Europe. Mr. Sizer held his large audience spellbound as he recounted in his inimitable way, his experiences and wonderful sights of Europe.

The pastor and the church hopes to have Mr. Sizer give them an entire Sunday evening, when he can have more time, to tell more fully of that trip.

SOUTH MONETT

Miss Martha Bounous spent Friday afternoon with Miss Freda Combs.

Mrs. E. B. Thomas and son were shopping in Monett Saturday.

Mrs. Chumbley visited Monday with her daughter Mrs. Henry Planchon. Jack Walton and daughter Miss Bessie, spent the week end with his daughter Miss Blanche Walton.

Miss Dorothy Cuendet visited Thursday with her sister Mrs. Dave Lautaret.

Miss Albedina Lee visited Saturday with her sister Mrs. Louis Maritan.

Eli and Guy Bounous spent Saturday with Dora Reynaud.

Mrs. Dell Médin and son visited Tuesday with Mrs. Sherman Erickson.

Mr. and Mrs. A. L. Nordin spent Monday afternoon with W. A. Niskern and family.

Mrs. Magnin and children visited Saturday with her mother Mrs. Ami Cuendet.

AN EVENING OF MUSIC AT THE FIRST M. E. CHURCH

A great treat awaits those who attend the services at the First M. E. church next Sunday night. Prof. Lee's Concert Band will render one of their great concerts in the church at regular hour of services. They will be assisted by other splendid talent of our city. There will be vocal numbers, readings and possibly a violin solo by Mr. Peyton Gulick.

WOULD YOU?

Would you buy a strawberry patch that should pay for itself in 1922? Four acres in north edge of Monett, all in berries, with about 50 young fruit trees one year old growing nicely. All for \$1400. This is dirt cheap and will pay you to see it. No other improvements. What do you say?

HAGENBECK-WALLACE CIRCUS COMING

Big Show Will be at Monett Thursday, September 22. Afternoon and Night Performances Given.

Hagenbeck-Wallace's big circus is coming to Monett Thursday, September 22. The big circuses have been giving Monett the go-by for a long time, but the managers of this one see the possibilities of Monett as a circus town and they will not be disappointed in the crowds which will be in town on that day.

A big parade will start at 10:30 o'clock in the morning. This is said to be the most pompous and striking innovation in pageantry offerings. The zoo is complete and many clowns will make fun for the crowd.

The show will be held on the Meador pasture tract on South Central avenue.

Herding the coming of the circus to Monett, the advance advertising car of the Hagenbeck & Wallace Circus arrived in Monett today, thus setting Circus Day in Monett for Thursday, September 22nd.

Shortly after the advance car's arrival the city was fairly ablaze with posters telling of the coming wonders and for miles around the country is being posted.

The Circus comes to Monett from Springfield, enroute to Fort Smith. It will give two performances, afternoon and evening in its entirety. Practically all new this year, the big circus employs over four hundred people, six hundred thoroughbred horses, three herds of elephants, fifty clowns, wild animals of all kinds, and a thousand and one other amusement features that go to make the big circus a success.

One of the big features of the Circus will be the big street parade, morning of Circus Day. Starting at 10:30 a. m. through business district the parade over a mile in length and beyond description in magnitude and splendor. This is the only big circus this year giving a daily street parade and the circus management prides themselves upon the splendid parade and being able to give a daily street parade.

The Circus comes here over the Frisco and will show on the Meador grounds. Reserved seats will be on sale Circus Day at the Monett Drug Store.

MR. FOSTER VISITS POMME TERRA

Fred Foster, superintendent of the United States Fish Hatcheries, spent all day Monday at Pomme Terra, near Verona, investigating the conditions for the hatching and propagating of bass and trout at that point.

He said that conditions were ideal, the water being 58 to 60 degrees and that with proper feeding and hatching pens enough trout could be raised to supply this district and make it a fisherman's paradise.

Spring river is an excellent trout stream and if there is a stop put to seining and shooting, Mr. Foster says it will soon be well stocked, but that rearing and feeding pens at the head of the river would be necessary to keep the stream stocked up owing to the fact that trout do not watch their eggs and suckers, turtles and crawfish destroy them unless they are protected by screened pens.

Mr. Foster also stated that when fish were caught that were undersized the hands should be wet before handling the fish as dry hands remove the gelatinous coat of the fish and it is subject to a fungus disease that is fatal. The fish and game laws must be upheld or our streams will be depleted and our game destroyed.

Joe Manlove, has met thousands of tourists who have visited the Ozarks this year and claims they are so pleased with the "Land of a Million Smiles" that they are coming back again next year and spend the summer. He predicts that next year there will be twice as many tourists as there were this year and that the accommodations were inadequate to take care of the great number of visitors this season.

Mr. Manlove thought that the exclusive feature of Pomme Terra would create an added attraction to those who wished to spend the entire summer and suggested that accommodations be made for at least 500 regular guests. He made many valuable suggestions that the management will endeavor to carry out.

SONG CONVENTION AT GUNTER

A song convention was held at Gunter church Saturday and Sunday. Three classes took part and they had a very enjoyable session each day. On Sunday an immense crowd attended.

Costs less to have than not to have

Actually you are paying out every year the price of a Hoover, as these facts reveal:

1. Money paid for new rugs is saved by The Hoover. It greatly prolongs the life of one's present rugs.
2. Money paid to a cleaning woman is reduced by The Hoover.
3. Money paid to launder curtains and draperies, money paid for re-decorating rooms.
4. Money paid to carpet cleaners is saved by The Hoover.
5. Money paid for tonics and medicines is often saved by The Hoover. The sanitary cleanliness that follows in its wake, guards health.

There isn't a better way to save money!

The HOOVER

IT BEATS... AS IT SWEEPS AS IT CLEANS

\$6.20 a Month Pays for a Hoover

Only \$6.25 down and \$6.20 a month for a short period—21c a day!—pays for The Hoover while you use it. Phone for a free home demonstration.
